

Phil & Rebecca Jackson

Athens, Greece

Mission Overview

The LORD is moving among the Muslim background people groups gathering in Greece. Over the last few years, we have been engaging displaced people from war torn, as well as economically and politically oppressed nations. The staging ground where we have spent most of our time has been Athens and northern Greece. We are witnessing people from Middle Eastern and African nations coming to Christ. We are compelled to serve in Athens where we are concentrating our efforts with seekers and new believers who are emerging in their faith in Jesus. Also we are equipping and empowering disciple makers that are serving in Greater Europe and their home nations.
