

Hello New Life Family

As Colleen always says, Good morning New Life Family! You probably miss hearing that just as much as we do right now. You have probably heard it said, “the church is not a building, it’s the people in it” and, although we believe that to be true, we also recognize the need for corporate gathering. If you are like us, when you hear New Life mentioned, you aren’t thinking of a building, you’re thinking of home, a place where family gathers. We miss our family and anxiously look forward to the day when we all get to gather again in one place.

When are we coming back to church?

Soon! We have been anticipating social distance easing from our Governor, especially where it addresses public gatherings. As we eagerly await, we have been diligent to review all recommended guidelines from federal, state, and local authorities and we've been working hard to develop a reopening strategy that will both keep you safe and honor God. Our endeavor is to provide a safe environment where we can welcome everyone to experience God together again. You can expect that in the very near future.

The Church Never Stops

In this season, when it feels like your life has been disrupted, remember this truth – God is the same yesterday, today and tomorrow. Praise God! People are being born again and growing through our various forms of ministry. People are finding community in Life Groups, being developed in our Equip & Explore God classes, and celebrating together with friends from all over the world at our Friday ReFuel services. Because you remain faithful with giving, we have not had to cut back or pause on ministry and we continue to support our missionaries near and far. The Church—YOU—are essential, and we never stop.

We love and miss you and look forward to being together again.
