The CSI Initiative:

Global Leadership Academy 2019

THE INITIATIVE

The Global Leadership Academy (GLA) is comprised of a movement of coaches with the heart of the Shepherd who have committed their lives, resources and time to advance the Kingdom of God. Our goal is to Equip, Ignite and Engage non-profit organizations that may lack resources due to demographics and social economic disparity within the landscape of their communities.

THE MODEL

Six Pillars of Leadership

Our Why

Our ministry motto is “Developing World-Class Leaders One Conversation at A Time”

Coaching, mentoring and consulting will be the medium used to transform the communities we serve. Its our vision to lay the foundation for every ministry/para-ministry to have access to leadership development, financial resources, support, encouragement and accountability while carrying out the Vision and Mission that God has planted in their heart. We are a firm believer through the process of continual coaching and mentoring of senior leadership and laity we can create a movement that advances God’s Kingdom agenda through the local church and para-ministries designed to support the work of the church.

Our How

Our leadership team consist of senior pastors, executive coaches, entrepreneurs, marketplace and lay leaders with over 50 years of combined ministry, leadership, mentoring, counseling and coaching experience. These vast resources will allow us to build and develop leaders across the cities, counties, regions and various states. Our leadership model will consist of the following:

Church Strengthening

Church Growth

Financial Growth

Discipleship Growth

Missions Impact

Economic Mobility
