

## Word of Knowledge

By Todd Bentley

I was staying at Morning Star in Charlotte NC Saturday September 4th for my pastor's daughter's wedding. When I returned to morning start after a day of exploring Charleston with friends, we walked into the Fresh Fire service and immediately noticed the atmosphere was charged with the spirit! Way better than any day out exploring any city. We went upstairs to meet with our group, but as Todd was ministering healing I could not take my attention away from the service. As I prayed for the young girl with MS and the more mature woman with copd Todd said the Lord spoke to him "open heart surgery" that someone with a heart condition would receive a new heart. Todd pointed out the section of the room and you were right Todd! I was three floors up but that was the correct section! I felt an angelic presence draw near to me and heat through my body. I felt compelled to purchase the healing kit being offered and have been reading the book. Since this point I have heard the Holy Spirit more clearly than at any point in my life and am working to continue this new branch in my relationship with God. Thank God for someone that can put relationship and stewardship in terms my brain can comprehend! I have not yet confirmed medically that my heart is new and all the chambers are the correct size, but I can tell you I feel a difference. Thank you Todd. Much love and respect, Devin.
