Elders' Newsletter

Identity – the condition of being oneself and not another. Identity theft has been plaguing the country for at least a decade or two. Chances are, you've been the victim of fraudulent use of your identity or at least your plastic payment cards. For example, I was recently made aware of emails, purportedly from "me" requesting people make purchases, change bank accounts to receive deposits, etc. all from John Aden Long, Lead Pastor. The emails and signature line look legitimate until you hover over the return email address and then you can see that they originate from outside Grace Harbor's domain. To be clear, we would never ask you to do the things these emails request. Attempting to conceal oneself using a different identity for nefarious gain is hardly a new technique. Even the apostle Paul guarded his identity and ensured the church in Colossae could tell that he had personally signed the letter (Colossians 4:18). Join us this weekend to study his final words to the church (Colossians 4:7-18).

P.S. Happy Reformation Day!

John, for the Grace Harbor Elder Team
