Elders' Newsletter

Heathy churches. You usually don't see a lot of articles on "Healthy Churches" in the news. No, what we commonly and painfully see is just the opposite, unhealthy churches with unhealthy relationships present. But the good news is that Bible doesn't leave us in the dark about this. The Bible gives us the wonderful blueprints from God Himself of what a heathy church in fact looks like. It's super clear. In this weekend's message we will be learning and discovering what qualifiers and essential elements are to be present in the local church if it is to be biblically healthy. We will be looking at three marks that are to be present and active in our individual lives and active in the local church that bring life and build joy. Please join us this Sunday morning as we worship the Lord and receive Biblical insight and clarity from His Word for our lives.
