## “God, I Need Healing!”

### Watt's Up:

“I Know God Can Heal The Sick!”

### Power Verse:

“And their prayer offered in faith will heal the sick, and the Lord will make them well...” - **James 5:15**

This week you will be discussing healing with your children. Divine healing is something many have decided doesn't exist anymore. Help your children to understand divine healing is for today, and God can heal them and those they love!

Begin by asking your children some questions...

- What is healing?
- What does it mean to be healed?
- Who can heal you?

Take time talking to children about healing: what it is and why God wants us to be healed. Here are some scriptures to help you.

Exodus 15:26 - “... for I am the Lord, who heals you.”

Psalms 30:2 - “O Lord, my God, I called to you for help and you healed me.”

Psalms 103:2-3 - “Praise the Lord, O my soul, and forget not all his benefits-who forgives all your sins and heals all your diseases.”

Scripture tells us God can heal us! Discuss the following with your kids.

- When was the last time you were sick? How did you feel? Did you want to feel better? Did you call on God for healing?
- Who else do you know that is sick?
- Do you think God would want to heal them and us? Why?

Take time together as a family to pray for people you know who need healing- grandmas, grandpas, friends, anyone who may need a touch from God. Give your children a chance to respond and pray with you!
