

HCA After School STEAM Club

Registration Form for K-4th

We will study a different science concept each Monday and will conduct a fun experiment/hands-on activity. We will be incorporating science, technology, engineering, arts, and math into each class. This will allow students to practice problem solving skills, working together as a team, and will encourage them to think more creatively and critically about important concepts.

STEAM Club Instructor: Mrs. Lallas, HCA's Science Teacher

When: Monday's from 3:05-4:05pm

March 28, April 4, 11, 25, May 2, 9, 16, 23 (no club on April 18-Spring Break)

Where: Science Lab C-309

Cost: 8-week session for \$150 per student
(includes \$15 supplies fee)
