

During every phase, our team will continually monitor new cases of coronavirus in the general population of Hamilton County, as well as seek wisdom from our state, city and church leaders. If we see a rise of new cases and are recommended to move back to a previous phase, we will implement that transition immediately.

Phase Three Regathering Plan Frequently Asked Questions

Is the balcony open at the Hixson and Chattanooga Campuses?

- The balcony is open for those wearing a face mask.
- You must wear the face mask the entire time you are in the balcony.
- You may enter the balcony from inside the auditorium or avoid high-traffic areas and enter from the external stairwells.

Do I have to wear a mask?

We recommend wearing a mask in highly trafficked areas, such as entering/exiting the building and moving through the hallways. While we highly encourage masks, they are not required.

What does the service look like?

- Family units are encouraged to sit six feet from other family units.
- We ask as you choose a seat, please do not change seats once you are seated.
- No offering envelopes or plates are passed. Greeters provide an offering envelope to you. You may place your envelope in the collection containers in the lobby. You may also give electronically via Realm or by texting 'SHBC' to 73256.
- Changing stations and nursing moms areas are available at all campuses.

What are the cleaning procedures between services?

All hard surfaces are cleaned and sanitized and soft surfaces are sprayed with sanitizer, following CDC guidelines.

Are there temperature checks at the door?

No. However, it is a good practice to take everyone's temperature at your house before attending a service. If anyone in your house is running a fever over 100.4, please do not attend a service in person.

Do I receive a bulletin for the service?

Bulletins are available via hard-copy and online formats.

Are there greeters at the door as normal?

- Greeters are stationed at the doors to open the exterior doors and pass out bulletins/offering envelopes to minimize your need for touching surfaces.
- Ushers are inside the sanctuary to assist with seating as necessary.

Is there a one way in and one way out?

We have all entrances/exits open and available for use. Please remember to observe strict social distancing as you enter and exit.

Do we participate in the Lord's Supper in-person?

Yes! We celebrate the Lord's Supper on our regular schedule, the last Sunday of each month. We have individually packaged, prefilled communion cups.

Can I still get coffee in the cafe?

Yes, the cafe is open.

Recommended practices:

- Wash or sanitize your hands often (hand sanitizer is available at all campuses)
- Cough or sneeze into your elbow then wash or sanitize your hands. For coughs that develop during the service, please finish the service in the cafe to put others around you at ease.
- If you or anyone in your immediate family is currently running a fever, have flu-like symptoms or not feeling well, please stay home to prevent the spread to others.
- Please use a friendly wave instead of handshakes and hugs.
