Course Description

This course is designed to be a general overview of the core doctrines of the Christian faith. We want to be disciples of Jesus that know well the faith “once for all delivered to the saints”. We will study God’s revelation of himself in his word that we might know what we believe, why, and how God has preserved the truth of who he is throughout this history of the church. The ultimate aim however of this course, as it is with all of theology, is doxology. The aim of this course will be that as we grow in our knowledge of God we also grow in our love for him.
