

Hello from Frisco Baptist Association. I wanted to share a message about our associational events and the COVID-19 Pandemic. Myself and our administrative committee is in agreement that we temporarily suspend our Associational sponsored events through the end of March as requested by the President of the United States. This is a constantly evolving crisis and I will be evaluating it daily.

We have been praying for our President of the United States asking God to give him guidance and direction for our country. And so, our association will honor his request by not holding any events during this time.

This means that our Spring WMU Banquet will be rescheduled for a later date. I have also been notified by the Dept. of Homeland Security that they will need to reschedule the Church Security and Safety conference for April 4. Events beyond the month of March will be constantly evaluated as more information is shared concerning this Pandemic.

I want you to know that I am praying for you during your decision-making process on how to proceed in having Church services. And I know however you decide to proceed it will be challenging. Please consider the impact this COVID-19 Virus may have on the elderly and those with underlying health conditions. Please do not think of this Pandemic as an US and THEM crisis but a time in which we can be seen as unified through Jesus Christ.

I can provide you with ideas and help you in getting things setup so you can effectively engage in ministry beyond the four walls of your church building while honoring the request of our President. I can also help you with some simple technologies that you can use whether you continue to meet in your building or meet house to house or a combination thereof.

Please feel free to call me and we can talk through your unique church situation. There is no one size fits all solution.

I want to encourage you to continue to engage in ministry in a safe and responsible manner to your community. Please stay in contact with your local officials, the resources I have on our website at [www.FRISCOBAPTIST.COM](http://www.FRISCOBAPTIST.COM) and being that light and salt to a dark and thirsty world for spiritual truth.

Bro. Mark A. Boyd
