

## **Christ's Kitchen**

A blessing to many in our community, Christ's Kitchen provides one hot meal per day to the homeless and the hungry. Christ's Kitchen began as a follow up to a United Methodist Women's study of world hunger. After determining that Victoria did have a hunger problem, the ladies got to work! In March of 1985 a building was secured and the first meal was served – peanut butter and honey sandwiches with hot coffee. The following year, a director was named to this organization and they have been going strong ever since.
