

Missions Spotlight

Cebu Bible College is a 5 year preacher training program. Four years of that is academic study and the final year is required field work before graduation. The ministry which God does through CBC has been a vital part of the church's growth throughout the Philippines and region. The number who have been brought to the Lord is enormous, and the number of churches started continues to rise. CBC has an onsite dormitory for students to live on campus. The school graduates 6-8 students per year. That's over 200 preachers that Rural Hill has helped to educate since 1988!
