

Session 5:

Getting Started:

1. What is one hobby, or skill you have tried to master?
2. What is one thing or person you wish you were more committed to?

Read: Ruth 1:4-18

- Who has been committed to you in meaningful ways throughout your life?
- Think back on your life and relationships. How has lack of commitment affected you in the past?
- How do you think commitment differs from feelings and emotions?
- How does your level of commitment to God affect your relationships? (PS- it does affect it, whether you realize it or not.)
- Practically what would it look like for you to be more committed to God?
 - Is there one actionable step you can take this week to make progress on being more committed to God?
- How can we show commitment in real ways to those around us?

Wrap Up:

Pray for one another to become more mature and committed to Christ and their relationships this week.
