

TRUE NORTH YOUTH SAFETY GUIDELINES

What we're doing to help students stay healthy...

Registration Waiver – Parents of Youth students will be required to complete a short consent form. Because some students come with other students, we want to ensure parents have given permission for their kids to attend Youth.

Temperature Checks – All Youth staff, volunteers and children will receive a contactless temperature check upon arrival. Any person or student with a temperature above 100.4 will not be permitted to serve or participate in Youth that evening.

Hand Sanitizer - We will require all students and volunteers to apply hand sanitizer as they enter the building for Youth.

Facility Sanitization - All high-volume areas will be continuously wiped down and thoroughly sanitized. Restrooms will be available and frequently cleaned during operation.

Distancing – Curbside check in will be implemented for Youth students as they arrive at our facility. Distancing guidelines will be in place, whenever possible, including significantly reduced capacity in our main auditorium. Bandanas will be distributed to all students upon arrival. While we will implement these practices with fidelity, we cannot guarantee a contactless experience.

How can you help...

In the last 14 days, if your student or an immediate family member have been experiencing symptoms of a cough, runny nose, shortness of breath, fever, or if you have had in-person contact with someone diagnosed with COVID-19, please do not attend an in-person service and plan to join us via Instagram and/or online instead.

If a student has a serious underlying medical condition or believes they are in a high-risk category, please continue worshipping with us on Instagram and online.
