

Baptist Church of Lodi

SUBJECT: @Home App

Dear Friend,

As a part of First, you can now download and start using the Drive Faith Home mobile app to easily access tools designed to help you be more intentional in your relationships at home. This app includes the following programs:

Start Driving Faith Home

This program provides an overview of why driving faith home is so important and explains the Drive Faith Home process for becoming more intentional at home in every life season. You will automatically start in this program when you first install the app.

Faith@Home Check-up

This program guides you through a check-up on the past few months and a plan of action for the next months with customized suggestions for singles, couples, parents and grandparents. The app will automatically prompt you to revisit this program periodically as a catalyst for greater intentionality at home. As you can see, this App is for everybody!

Your Child's Faith Path

This program is a streamlined version of Faith Path tools designed to guide your child's faith journey one step at a time. Once you indicate your child's birthday month in the app, you will receive notification when it's time to take the next step in passing faith to your child.

Follow these simple steps to get started now:

STEP 1: Use this link to download the app: <https://gloo.app.link/dfh4510416>

(NOTE: You will be automatically directed to the Apple App or Google Play Store. The app icon will show "gloo." This is the mobile platform used for the Drive Faith Home app).

STEP 2: Open the "gloo" app and select **Sign Up** to create a user account.

STEP 3: Select **Yes** to be notified about important activity in the app.

STEP 4: Select **Allow** to receive notifications.

STEP 5: Select **Start Program** at the bottom of the page to work through this initial overview program. The app will then recommend next steps based on your answers.

(NOTE: Once in the app, you can select the Home icon at the bottom left, then select the gear at the top right and customize by moving the Drive Faith Home icon to the top of the list by pressing and dragging it up. This will assure the Drive Faith Home app always opens first in the app.)

The app will prompt you three times per year to revisit the Faith@Home Check-up to see how you are doing at becoming more intentional at home. When you include your child's birthday month in the Your Child's Faith Path, the app will also notify you when it's time to take the next step in your child's faith journey.

Visit <https://www.drivefaithhome.com/app-faqs> for Frequently Asked Questions (FAQs) on using the Drive Faith Home app.

Blessings,

Glen Barnes, Lead Pastor

Tim Nielsen, Children's & Family Life Pastor, and @Home Ministries
