Leading Churches Through Transition: **Studies in I & II Timothy / Titus** **Winter Quarter** **10:30-11:15 am**

These Winter class groups are organized according to adult life stages with flexibility for any person to choose an appropriate or preferred class group. One purpose of this structure is to create community within each class group and thus build closer relationships while studying God's Word from the books of I & II Timothy / Titus.

I & II Timothy /Titus – Summary & Description:

No one understood better than Paul how challenging ministry can be and how deeply one can be hurt when serving others. No one knew better than Paul how frustrating, and yet how rewarding congregational life and ministry can be! The Lord established the church so that the Body of Christ might live out the Word before the world and be the light in the darkness—just like Jesus.

Paul's letters to Timothy and Titus, his faithful co-laborers for the gospel, were written primarily to equip these men for the task of leading and stabilizing the church. At the end of his life, the Apostle Paul knew that change and transitions were inevitable. As he looked toward the future, Paul understood that he needed to pass the baton of leadership to those men who would be faithful to the task of maturing Godly congregations.

In the books of I & II Timothy and Titus, Paul shares his heart and his wisdom with not only his apprentices, but also with church leaders and believers throughout the centuries. His Biblical counsel will encourage us to embrace "sound doctrine" and to live in such a way that it makes "our teaching about God attractive". Even in the midst of transition and challenges, our faith can grow and our churches can thrive.
