

# The Solid Foundation

Luke 5:12-6:49

No one dreams about the footings and foundation of a house. Why are the foundations of a home so critical?

Take a look at Jesus' miracles in chapters 5 and 6 in which he heals a leper, a paralyzed man, and a man with a withered hand. What does Jesus communicate about himself with each healing?

Different groups made up the people who surrounded Jesus — his disciples, the crowd, and then those who would be his opponents. Why were these groups around Jesus?

Jesus speaks words of blessing and woe from Luke 6:20 through 26. Who are those that he says are blessed? Who are those that Jesus warns? What are the foundations for each group?

Read Luke 6:46-49. What is the difference between the two builders? What is Jesus' point in this picture?

Take a moment and think about your foundation. Upon who or what is your foundation built?
