

Campbell Quick Update

Bible Translation = Transformation

As people in communities around the world encounter newly translated Scripture, the words of Jesus come alive in their hearts. That's what happened for Irina when she read God's Word in her language.

In Irina's country the Scriptures were widely available in the national language. That's what she read at church and at home. Irina didn't think translating the Bible in the language of her people group would make any difference.

Then someone gave Irina a copy of the Gospel of Luke in her language, and the words of Jesus came alive in her life like never before.

"It was like Jesus was one of us!" she said. "I could feel in my heart that He was much closer. There really is a difference."

Lives are changed when people meet Jesus through His Word in a language they can relate to. Many more people in the world just like Irina are still waiting for Scripture in their language. Thank you for being part of helping people meet Christ through Scripture.

AirVenture 2020

This certainly has been a different summer for us. Normally, we have events that keep us really busy, but because of Covid those events have all been cancelled. In one aspect, it is nice to have the change of pace but on the other hand we miss the extra interaction, we especially miss not seeing friends and partners during the Oshkosh AirVenture airshow. It has always been a great place for us to connect with so many friends that we don't get to see the rest of the year. But as life goes, we have stayed busy even

Retro "Oshkosh" 2014

without the extra events. We have had a little extra time to spend with our growing family, which is always a blessing.

You're the Best

We truly appreciate each one of you, dear friends. Our work with Wycliffe would not be possible without you. We are grateful for each and every one of you. You are as much a part of the work of reaching the Bibleless as we are.

We pray you have an enjoyable rest of your summer. Stay safe and healthy. May God be your strength, comfort and hope in all this craziness.
