

# Growing Up - Growing Together

## 9/22/19

---

Discuss this ancient proverb - "If you want to go fast, go alone. If you want to go far go together."

Why is community (fellowship) essential to spiritual growth?

God created us for community. Where do we see this in Scripture?

How did the early church experience community? Read Acts 2:42-47. Is this how we are supposed to experience community? Why or why not?

Read 1 Thessalonians 5:14. What are some of the responsibilities that we have towards one another in the Body of Christ?

What tactics does Satan use to keep us from experiencing community?

How has Community Group impacted your life? Write down some of your responses and send them to Pastor Joe or Pastor Karl.
