

# SANDHYA'S JOURNAL

## Here is a little glimpse of the many wonderful things I experienced during my Sabbatical!

**S** - Sabbath gave me space to hear the Father speak to me as His Beloved. I camped out in the book of Isaiah, Psalms and read the "Furious Longing of God" by Brennan Manning.

**A** - A month of delight! I played, hiked, rested, and enjoyed the creation around me.

**B** - Beautiful wise mentors guided me through time in the Word on Monday mornings throughout the month. This was a highlight and sweet rhythm as I jumped into each week.

**B** - Blessing. Staying with a sweet family in Fort Collins, Colorado, during the month was a JOY for me. Their home and the couple provided rest, nourishment and encouragement for my soul.

**A** - Audacious Hope.

**T** - "Taste and see that the Lord is good" Psalm 34:8 I took time to try out some new Indian food recipes. I have been loving the journey of discovering the most tasty Chicken Tikka Masala recipe! I also gazed upon the Lord's beauty through some stunning sunsets at Horse Tooth Reservoir!

**I** - Increased my AWE and WONDER.

**C** - Celebrate!!! I took time to celebrate God's loving kindness in my journey over the past few years. I celebrated how God has provided community, deep healing in my story, the ways God has shown up in my ministry, the names of women who have said "yes" to walking with Jesus, and much more!

**A** - AWAKENING! I saw God bring me deeper peace in my soul and a greater sense of my heart coming ALIVE! I see my passions and calling show up in the intersection of faith, discipleship and training, adoption, trauma care, story work, college students, and culture.

**L** - Let go and Trust God. We are in the midst of wild times and at times all I want is control. Sabbatical took me to a green pasture where I could lay down and rest while releasing expectations and my desire for control.
