December 5, 2021

1. Are there any imperfections in your home that you can see but no one else does? The job of a finish carpenter is to cover up the imperfections in a home. The passage we looked at on Sunday focused on "perfect love" or finished love. 1 John 4:12. When you think of perfect love what do you think of?
2. Read 1 John 4:7-8. What is the foundation of understanding perfect love according to these verses? What other scripture passages help you understand this type of love?
3. What are some of the differences between the way the world defines love and the way the Bible defines love?
4. Read 1 John 4:9-11. Love involves action. According to these verses in what ways has God shown His love?
5. What does propitiation mean? How does that concept make you feel?
6. Read 1 John 4:13-18. When we draw from the source of love and follow the pattern that God has given us for how to love, what is the result according to these verses?
7. How can we mirror God's love without being taken advantage of?
