

Community Church
Flawed - Hebrews 11:20
July 10, 2022

1. We know the expressions “Sticks and stones may break my bones, but names will never hurt me.” It’s easy to recall the harsh, angry, or negative words directed at us over the years, but what about the positive messages we have heard? What was something said to you recently that was an encouragement to you? How did it impact your day?

2. Read Hebrews 11:20. How did Isaac’s words display his faith in God’s promise? What was that promise?

3. We can bless those around us with our words. What encouragement does Paul give to the Colossians about their conversations with those outside the church family in 4:5-6?

4. We can impact others in the church family with our words. Paul shares a powerful challenge in Colossians 3:12-17. What speaks to you in these verses? How can we encourage one another according to verse 16 and 17?

5. Who will you bless today with words of encouragement as you point them to the promises of God?
