

A quick update on Centerpoint Church. We are about 1 month away from when we will start regular services! In October we will have a grand opening. (assuming life is a bit more predictable)!

Although this is not what I intended our world to be going through while church planting, **God did.** *With that said, I believe more than ever a life-giving church that is set to help people take steps in their relationship with God, is exactly what Fond du Lac needs right now!*

Here are a few shots from our first preview service! We have another one set for August 23.

**Our launch team is still going strong! We have about 60 adults who are committed to making this church happen!**

Our family is doing great! Eliza is talkative and healthy! Sidney just got a new job at North Fond du Lac School District teaching 3rd grade. Our house is completely gutted from the fire, but will now be in the repairing process.

**Please pray:**

- That we stay tight as a family during all the fall changes!
- Our house repairs go smoothly and in a timely manner
- Centerpoint reaches unchurched and hurting people this fall.
- That our launch team stays motivated!
- And that we continue to seek what God wants before all else!

**Again, thank you so much for being supporters and partners with us as we launch Centerpoint Church in Fond du Lac!**

Thanks,  
Aaron
