

T H E Argentina Announcer

Greetings to each of you from Argentina. We pray that you are well and that the Lord is keeping you safe and providing for your needs, during this time of pandemic. By God's grace we are doing well here.

- ◆ As I mentioned in April, we have been under a national quarantine since March 14th. For the first 8 weeks it was rather strict. Gradually some restrictions are being modified. Argentina as a whole has not been terribly affected, so far. For that we are grateful to God. Nationally this quarantine, will continue into June.
- ◆ Last week our mayor was able to lift many restrictions locally as we had only 1 minor case of the virus back in March here in Pergamino. We still have limited hours as to when stores are opened, and other safety protocols are in place. But most stores are open and people are getting back to work, even if on a limited basis.
- ◆ Praise the Lord, we have had a few opportunities to witness to some people here in our neighborhood during this time. Initially people were scared and that gave us opportunities. As the fact that the virus has not affected our city, people have returned to their stiff-necked ways towards the things of God. We continue to pray for this city as it is very dear to us, after spending so many years here.
- ◆ We were in the beginning of the preparation process for ending operations here in Pergamino and looking forward to moving when everything shutdown nationwide. So as things begin to get back to normal we will begin to do what we can towards that goal. However, the major cities including Cordoba, are still under strict quarantine policies, to include travel restrictions in or out of the city.
- ◆ In the meantime we have kept ourselves busy communicating with argentine pastors and their wives to encourage them during this time, and help them deal with various problems. Many of which have to do with people's ideas, doubts, and fears concerning the Corona Virus and the end-times.
- ◆ Along with writing new bible studies while under lock-down, I am in the process of doing a series on the book of Revelation to hand out to the local pastors in the future. I hope to help them as many erroneous teachings concerning the end times are spreading and causing confusion in some of the churches that we work with. We know that our God is not the author of confusion, so it is our adversary that is planting the seeds of confusion in order to weaken the faith of some and the work of the churches.
- ◆ We ask that you pray with us, that God will continue to keep us healthy and safe. Also, that He will guide us as we continue to prepare for the next phase of our ministry.

**We thank you all for your
faithful prayers and support!**
