## TOM & SANDY HASTINGS

Former Independent Baptist Missionaries  
to Germany from 1971 to 2021

Dear Prayer Partners,

Since our last letter, I had the privilege of preaching at a mission conference as well as some Sunday morning services. It is exciting to see hearts move to serve the Lord and to increase their mission commitment. Sandy has been the speaker at two ladies' events. One church took us on for support as missionaries to churches. This was a big surprise and blessing. The Lord's work continues, and we are thankful to be involved in it.

We will be traveling to Ohio at the end of this month for the wedding of one of our grandchildren. We look forward to seeing family and friends and especially rejoice to be able to attend the special family event.

The church in Bassenheim is doing well. They have eleven people from Ukraine attending. With the aid of technology, they can wear earphones to hear the sermons which are translated into their language. We are praying these folks will accept Christ as their Savior. The church is also preparing for its annual family camp. It is just about at max capacity with 120 people attending. This event has always been a great opportunity for fellowship and for teaching God's truth. On Sept. 4, five people plan to follow the Lord in baptism. Please continue to pray for this work and for more people to be saved as well as for national men to surrender to preach.

Last week I had four growths removed from my skin and three came back positive for cancer. This means more of these areas will have to be removed by surgery. The first is scheduled for Aug. 24. Your prayers concerning this matter would be greatly appreciated. Sandy and I continue to be available for mission conferences, men's & ladies' events, or for any other way we can be of help to churches. Just contact us and let us know how we can assist you.

We are very thankful for those who continue to financially support us and for your faithful prayers. May our Lord richly bless each of you!

*Yours for European Souls,
