

FAQs

What options do I have for online giving?

You may opt to use your checking or savings bank account or either a debit or credit card. All electronic contributions are settled daily.

What are recurring transactions?

Recurring transactions are deposits that occur automatically. They can be set up for one time, weekly, or monthly. You can also specify the start date, make changes, or cancel at any time.

Do I have to register for a personal online account?

No. However, by registering for a personal account, you will be able to manage your account, adjust your contributions, and view your donation history.

Does it matter what Internet browser I use?

No. Any browser will work fine.

Are there any fees for me to pay?

No. You do not have to pay any banking fees. The church pays the banking fees at a more cost-efficient rate.

How will I know the church has received my contributions?

An email verification message is sent immediately after submitting each contribution.

What documentation can I use to prove I made contributions to the church?

Your bank or credit card statement will show a list of electronic transactions that can be used as proof of your contributions. Also, all contributions are included in your end-of-year financial statement provided by the church.
