*Missionary to Perú, South America*

*July 10, 2021*

*Dear Friends and Family,*

***I'm heading back to Peru September 6th!***

*I now have my plane ticket to fly back to Peru on Monday,  
September 6th. Getting close!*

*Kathy's dad and mom flew back to Peru July 8th. I've enjoyed being their designated driver and helping them get places. While traveling, I was able to visit some churches and lots of family and friends with them. It has been a great time. Please continue to pray for their health and all the details of being back in Peru.*

*I am looking forward to spending some time with my family before returning to Peru. Hoping to get some fishing in also!*

### **Some Updates from my girls!**

**Janise** is currently in France on her missions trip and it sounds like things are going very well.

**Krista** wrote the other day and mentioned that 5 of her girls at the summer day camp had gotten saved that day!

**Raeya:** I was recently presented with the opportunity to go to **Kitahiroshima, Japan** and be a part of the Mission Nanny program! This means I will live with the missionary family, the

*stations, and help them with their kids so they can focus more*

*on their ministry of hospitality. I am excited to be coached in writing by Darcy, be mentored by her and her husband, Art, and especially love on their two little girls Megumi and Yua! I have been video calling with this precious family for a couple months now and have been praying so much about this. Although when I leave is not set in stone yet, because the country is still closed, **I am tentatively planning on leaving at the end of October**, and staying for at least three months and will stay there until God moves me to somewhere else. It could be a few months or a few years! **Thank you for all your love and support and if you are interested in helping out it would mean so much to me!** Love to you all, Raeya Anderson.*

**Risha:** *Please continue to pray for her health. She has been having some major dizzy spells and light headedness which have been worrying her and because of her work schedule she has been having trouble scheduling her tests.*

*Thank you again for everyone's faithful prayers and support!*

*What a wonderful blessing!*
