Back In Peru!

October 5, 2021

Dear Friends and Family,

I'm finally back in Peru!

I flew back to Peru October 4th. I had my plane ticket ready September 6th but then I got Covid along with my mom, dad, sister and brother. Little by little we have all recovered. My dad was hit the hardest and almost has his strength completely back. Because of this I had to postpone returning to Peru for almost a month.

The extra month gave me some extra time with my parents and brother and sister (being sick and quarantined with them still counts). I was also able to get some good fishing in! Both in New Mexico and Colorado.

I am so excited to be back in Peru! But please pray for me during this time. I still can't imagine being here in Peru without Kathy.

Also Please continue to pray for my girls and I. This month could be a hard one as it will be a year since Kathy went home to be with our Savior.

All four of my girls have their plane tickets ready to come to Peru so that we can be together in Peru for Christmas. Please pray that travel to Peru stays open and that no one gets sick before they are scheduled to travel.

Thank you again for everyone's faithful prayers and support! What a wonderful blessing!
