ANNIVERSARY: 03 Agosto

We have been blessed to have a very busy month visiting churches and reporting all the Lord has done in Chile. We consider it an honor to be able to share what God is and has done in Chile. We have been in churches in North Carolina, South Carolina, Georgia and Texas this month. We are currently in Texas until the end of March. We are blessed to be able to visit over 25 churches while here.

As many of you know, Texas had a major winter storm which knocked out most water and electric in the State. Where we are staying was no different. We are staying just south of Houston. Due to the ice that Houston received it paralyzed the city. We were very fortunate that the Pastor of the mission house we are staying in had a generator and he allowed us to use it to heat the house. The Lord provided in so many ways.

Due to the weather, we did have one cancellation because the church where we were going did not have water and they cancelled services. But we praise the Lord that things are almost back to normal now. Please continue praying as we continue travelling throughout Texas the next month.

#### Update from Chile

We praise the Lord that after almost a year of only meeting online next week the church is planning on meeting in person! The church members have been busy getting the building ready and preparing to meet. They are still under strict guidelines but they are excited to move forward. Please pray for them that they can continue in person services and not have to go back in quarantine.

#### Prayer Requests

- Travelling mercies as we continue visiting churches in Texas
- God's will for Chile as they precede with the rewriting of the constitution
- The churches in Chile to be able to meet in person and be able to start inviting new people
- Health for our family

Thank you all so much for your prayers and support for us. We can not do anything in Chile without people like you "holding the rope" here while we serve the Lord there.

May God bless you as you continue serving Him.
