Never have I thought that it would come to this... Over the last 15 years that I have been in ministry never would I had though that we would be only having service online. I never thought that ministry would be dependent on technology. But here we are doing that very same thing. We praise the Lord that we can use technology for the cause of Christ. But we long for the day that we can once again meet in person with the people that the Lord has allowed us to serve Him. Chile continues to be one of the hotspots here in South America. Santiago has been on a strict quarantine for almost a month now. But some parts have been shut down since March. Unfortunately, the cases continue to rise and so does the death toll. Weekly the government meets to decide to extend the quarantine for another week. But many believe that this may last quite awhile. Some schools are already stating that kids will not return to school this year. (School year ends here in December).

We praise the Lord that the people in the church have continued to be faithful with the online services on Sunday and Wednesdays. Some are asking for books or resources in which they can learn more. The children as well participate on a Zoom class after the service on Sundays. We are also continuing with online Bible Institute classes every Friday. Regularly we are also having men's meetings, ladies meetings, and couples meetings all via Zoom. Through Facebook we have a page that we can reach every house that is in the neighborhood of the church. We have seen several families connect on our services through this page.

Although we can not be physically visiting right now, we are thankful we can reach out to the community in this manner. As a family, we are doing well. We are thankful to be together, healthy and serving the Lord. The girls are continuing with their schooling as well.

Prayer Requests

-The quarantine would start showing results so that we could once again start meeting in person

-Souls to be saved

- Continued health and strength for our family: physically, mentally, and spiritually

We want to say a sincere thank you to everyone who has prayed for us and supported us financially. We cannot do what we do here without you all. We pray for you and we appreciate every one of you.

God bless you as you faithfully serve Him.
