9 Years In Uruguay

This past January marked 9 years of ministry for us in Uruguay and 6 years since the start of the church plant in Rocha. It is amazing how fast time flies! As we reflect on our time here, we are grateful for what the Lord has accomplished through our lives and this ministry. When we arrived in Uruguay, we knew that it would be a difficult and possibly frustrating field. And without a doubt our expectations were met. Still, we are grateful for what the Lord has done. We have seen lives impacted. We have seen a church started. We have seen that church become self-sustaining. We have seen that church support Uruguayan church planters. We stand amazed at what God has accomplished through the work here, and we are excited about what the future holds.

We have continued to do our best to adapt to this “Covid world.” We have started, and are in the process of starting, Bible studies with small groups. Some of these groups are with believers and some are with unbelievers. Please pray that God will use these groups to impact people’s lives.

Progress On The Land

As I mentioned in a previous letter, we were able to purchase the property adjacent to our church. Over the last couple of weeks we have been doing site work and getting the land ready for building. We hired a man to clear out large tree trunks and to level the property. In the upcoming weeks we are hoping to bring in some more dirt to raise up some lower areas, and then to put up fencing around the property. It is our hope to build a parsonage on the land in September or October.

Praises & Prayer Requests
