Christmas Evangelizations

Unlike America, Moldova celebrates Christmas both on December 25th, but also on January 7th according to their Orthodox calendar. It makes for a lot of celebrations and holidays, but most importantly, it gives us many opportunities to share the true meaning of Christmas. As an Orthodox Christian country, the people know that Jesus was born as a baby, they sing about Him being their Savior, but there is no personal relationship with Him that changes their lives. This year, our church members sacrificed and bought special gifts for the children of Hincesti. On January 3rd, with the help of our sister church, we were able to invite children to come to a special program just for them. We were thrilled that over 70 children and many parents came and heard the Good News clearly explained to them. Then on January 5th, we were privileged to have a very musical family come and put on a Christmas Concert for our church as a special outreach to our friends and neighbors. Though we did not have as many adults attend as children for the children's program, many came and not only heard some amazing music, but also another clear explanation of God's love for us. **Please pray for the seeds that were planted, that we would take the opportunities provided to us this year to water them and see many come to know Christ as their personal Lord and Savior.**
