CHURCH PLANTING MISSIONARIES TO CHINA

July 2019

Dear Pastors, Friends, and Partners,

The Lord has really been blessing this past month! Our sending church, Vision Baptist Church, was able to host two weeks of camp in Trenton, GA. It was a special privilege to be involved in the camp this year as missionaries and leaders because it was at this camp five years ago that I surrendered to be a missionary!

Miranda and I both had the opportunity to teach several classes as well as counsel a few campers who felt the Lord calling them to be missionaries. It's exciting to see God moving in the lives of young people and to see Him raising up laborers for the harvest! We've actually met one of the young men, Taylor, before the camp. He has felt God leading him into the ministry for some time, and now feels that the Lord is leading him into missions. Please pray for Taylor and the other campers that God would use them greatly to see the world reached with the Gospel!

We also have heard from five new churches that have voted to partner with our ministry! We are excited for every step that bring us closer to China. We are looking forward to the day that, Lord-willing, we are able to see young Chinese men surrender to serve the Lord!

Thank you so much for everything you have done for us! Because of your prayers and support, we are able to fulfill God's calling in our lives. Please pray that God will continue to raise our support so that we can get back to China, and that He will raise up more missionaries to tell the world about Him!

Yours for Souls in China,  
Nathaniel, Miranda, Alistair
