

**May 2021**

Dear Praying Friends and Family,

We rejoice in what God continues to do here in Australia and the family God is raising up in our city. Despite the challenges with COVID our people continue to stay connected and engage each other. Challenging one another to **“walk worthy of the vocation wherewith we have been called”** (See Ephesians 4:1).

We have seen a few fresh faces walk through the doors and are beginning to make themselves at home. They have been an added blessing to the church family, and it has been exciting to see the growth in their lives. It has been neat to see our men step up and begin step into the various roles needed to support this local organism that God is growing.

## Meet our Church Family – John and David Ewers

This father and son have been attending regularly for the past year and a half. Since that time, they have begun to grow in their involvement of church life.

### John Ewers

To say that John has been a blessing would be an understatement. Since joining our group, he has taken an active role in helping encourage and shape the vision we have set out to establish in this local church community.

John has a heart to see the church continue to foster and grow as a family. Building each other up in the faith.

### David Ewers

David has taken over the organisation of our music ministry, planning the songs for each week and overseeing others who are involved.

He has an active role in helping disciple some of our younger men and new believers who have connected with our church.

David also is heavily involved with the Australian Christian Lobby engaging our local and state governments with the Gospel and Biblical principles. He also assists a local Christian camp ministry focused on at-risk youth.

We thank you for your prayers and support of our ministry. Life is filled with its difficulties, yet through it all God is faithful. We have seen Him provide in amazing ways, open new opportunities of connection, and continue to grow past connections.

Your Fellow Servant,

Adam Gibbs
