Dear Pastors and Friends,

March & April 2020

We hope to find you all well during this unprecedented time. We are thankful for your continual prayers and support for us and our ministry. Even though we've had to change the way we minister these past couple of months, God is still blessing the work here in Cambodia.

Our new church building is nearing completion! We thank God for the progress that has been made so far, and our church family is looking forward to the day that we all get to meet together in the new auditorium! **Please continue to pray that the building will get finished soon and that we will use it for God's glory and honor.**

Last month, our family was able to move from the middle of the capital city to right across the street from our new church building. It is a blessing to live in close proximity to the church and we thank God for providing us with a home to live in. **Please pray that our family and church will be a light in this new area.**

The coronavirus situation has stabilized in Cambodia, but the government is still being cautious and is continuing their prohibition of public gatherings. Because of this, our four church plants have been meeting in small groups these past several weeks. We have also have had to cancel Bible college classes and children's ministries for the time being. We don't know when we can resume everything, but we know that God is in control. **Please pray for our church people to stay faithful to God and stand strong during this time.**

Every weekend, I have the opportunity to travel with one of our young men to Romdeng village four and a half hours away and go house to house to teach and disciple different families on Saturday and Sunday. I am thankful for this unique opportunity as it has allowed me to get to know each of the church members on a more personal level. It is a blessing to see these believers' hearts to know God more and to grow in their Christian life. **Please pray that God will keep us safe as we travel and that the believers in Romdeng village will continue to grow.**

While I am in a different province ministering, we have a small group that meets at our house every Sunday morning that my son helps lead. Because the government only allows gatherings of no more than ten people, we have the privilege to have five of our church members with us every Sunday: Sokhey, Michelle, Srey Nak, Seyha, and Srey Chen. We thank God for the opportunity we have to have a part in their lives.

Please continue to pray for Ka's salvation. He has been influenced by the Jehovah witnesses and is very confused about the gospel. I meet with him and teach him every Saturday afternoon.

Thank you once again for your faithful love, prayers, and support for our family! God bless you!

In Christ,

Touch Keo and Family
