

Dear Friends and Family,

Loving greetings from Yangon! I trust that this letter finds you well and safe, as we all are going through the challenge of the pandemic.

23rd Graduation

We praise the Lord for His goodness to us over the past academic year at Grace Baptist Theological College and Seminary. Sixteen young men and women walked across the platform to receive their diplomas on the first of February. We are so thrilled for each and every one of them, and we anticipate the Lord using them mightily throughout our country. We are so thankful to Pastor Kurt Skelly for speaking at the graduation. We appreciate Dr. Brent Armstrong for delivering the charge and giving presents to the graduates.

Ministry Leadership Conference

Pastor Armstrong led a team of thirty wonderful ladies and gentlemen from America and China to host a ministry leadership conference. There were about 200 delegates in attendance. The conference was one of a

kind in several ways: in addition to the spiritual blessings we received through the wonderful teaching and preaching of God's Word and also through the Spirit-filled music, they also gave each delegate fourteen books that would be of a tremendous blessing in their

ministries; having been held at one of the best hotels in town, the facilities and the food were excellent; every team member showed Christ-like character by being so friendly and also by serving the delegates so efficiently and cheerfully. We are so thankful to every team member, as well as the members of Tucson Baptist for all their sacrifices.

Taunggyi Mission Trip

I was privileged to participate in a three-day seminar for a dozen of national missionaries who are doing church planting ministry among the unreached of Myanmar. One of the missionaries is a graduate of our school. While I was there to teach and preach, I learned a lot from the testimonies of the missionaries.

Naga Hills Mission Trip

During the second week of February, I led a team of ten to revisit the Naga Hills that our student gospel team had visited last year. We were so thankful that Pastor Sam Laterza, a missionary in China was able to join our team due to the fact that he was not allowed to return to China because of Covid-19. There were about 150 campers. By the end of the camp, we had 45 adults and 24 children making profession of faith in Christ. Praise the Lord!

Building Project Updates

Due to our shortage in funds, the building project had to be slowed down. Our Christian contractor was very gracious to let fourteen of his men to continue working on the project till the lockdown in spite of our inability to pay him our next installment. Please pray that the Lord will continue to provide the remaining need.

Truth and Freedom Correspondence

The Lord has used the Truth and Freedom correspondence course to touch many lives across the land of Myanmar. We offer it in Burmese and Tedim Chin. To date, we have had about 700 people who have taken the course in Burmese and about 300 in Chin. While many who took the course were believers, some Buddhists and Jehovah Witnesses took it as well.

Covid-19 Myanmar

Covid-19 is beginning to have its impacts in Myanmar. So far, there are 117 cases and five deaths. Everyone in our family and all of our church members are doing well. It is rather unfortunate that about 50 cases are related to a Christian gathering. There is a popular false preacher who defied all the warnings and preached that no one who comes to his meetings will be infected by Covid-19! A carrier attended his meeting and passed it on to the false preacher himself and many others.

The Blessing of Social Media

Like most churches around the world, we broadcast our Sunday sermons live on YouTube. Moreover, I have been able to hold a Skype Bible translation

workshop. Praise the Lord for these tools! The project that I have been helping is nearing its completion. We are working on the very last book of the Old Testament—Job!

Family Front

Praise the Lord that a month before lockdown, Rachel and Rebecca started piano and violin lessons. With the help of Priscilla, they are able to fill some of their free times with their lessons. Please pray for Priscilla as her costochondritis has been bothering her these past few days.

Thank you so much for your prayer and support during this challenging time. We want you to know that we have been praying for you.

Faithfully Yours,

Hung, Priscilla, Rachel, Becky, Sammy and Ruth
