

4th Quarter 2019

Dear Co-laborers and Friends,

With the end of the year approaching, we look back on this last year and we have been excited to see the blessings of our great God. Many things have happened this year; and you, our supporters, have been a part of getting the Gospel out to people here in the Perth area.

This year we have been able to have several teen activities and have had the privilege to give a Gospel message to those who attended. This year we have also seen more families walk through the door than in any previous year.

We recently had our biggest Thanksgiving Day ever, and with the exception of our family and another Christian couple who came to help us, everyone who attended the service was unsaved. Everyone enjoyed the Thanksgiving food and heard the Gospel.

Additionally, since Gary has been able to teach a class in the community, he has had the opportunity to witness to many immigrants (a large number of whom are Muslim), and Sherrie and Liarra are becoming more fluent in Auslan and looking forward to reaching the deaf community for Christ.

How exciting to think that Christ came to give His life, and we have the privilege to share that message with all these groups of people. Thank you for giving so we could go! Please pray for all these people who have received the Gospel this year, as most had never heard; pray that the seed of God's Word would continue to grow in their hearts and that God would give the increase.

Merry Christmas,

*The Lester Family*
