

Greetings in Christ

May & June 2019

Greetings in the name of our Lord Jesus Christ, I pray this letter finds you in the joy of the Lord. Winter is in full force down here in Santiago Chile and the rainy season has started, but the work of the Lord is like a burning fire. What a blessing to see the church packed each week with so many hungry souls for the Word of God! Our winter months can be slow because the cold and rain prevents some from getting out, but this year it has not slowed anyone down.

Thanking the Lord for Carla that was saved this month, she is a twenty-four year old mother of two and has been attending the church for about three months. She came forward in the invitation after the preaching of God's Word and one of our Sunday School teachers led her to Christ. Something important to understand is that my wife Marta taught Natalia the Sunday School teacher how to win souls to Christ a few years ago and Natalia has led so many to Christ in the church and out of the church I don't even remember the number, but it is a lot. God is so good...

Also, thanking the Lord for Rosita that joined the church through membership this month. This lady has been coming to the church for a long time then a few months ago her granddaughter was saved and baptized. I think that was a big help to her and we are excited that she has chosen to be faithful to the Lord in this area. Seems like souls are being saved all the time and we are honored to be a small part of what the Lord is doing. We could not be here without you being part

of this mission work. Thank you for all that you do and your heart for missions that makes this possible.

Here in Santiago we are experiencing a very strong flu season with more than thirty deaths in the city so far and its still the beginning of winter. I was able to get a flu shot, but we have not been unable to get one for Marta. They have been out for several weeks and I don't think they will be getting anymore this year. In the news it says there are flu shots available, but when you go down to the clinic they never have any. We have checked all over the city to no avail. Pray we don't get sick this year; bronchial pneumonia is a very real fear in the conditions we live and serve.

Thank you so much for your continued prayers for us as we serve in Santiago Chile. Our heart is to be faithful in all that the Lord has given to us and that is a very big responsibility. Thank you for your financial support. We do live month to month on what you give to the Lord. Also, thank you for taking the time to read this newsletter. God bless!
