Prayer Warriors,

During break-up we were blessed to have the time, funds, and help to build shelving in the garage to store all of our ministry equipment and conduct the annual maintenance on the RIG and boat. In addition, the boat trailer has been completely overhauled minus axles. We even have new tires on it. Janet and I were also able to make two trips to the lower 48. The first one was planned in order to present the work in two new churches. The second trip; however, was unplanned when we received news that my mom had pneumonia and my dad was being transported to the hospital for possible stroke. We were blessed to hitch a ride for free on an Air Force airplane all the way to North Carolina. While there, local churches provided transportation and lodging throughout our stay. We were able to report to supporting churches as well as present the ministry in two new churches. Given what they have gone through, my parents are doing well. We are thankful for your prayers.

Already this summer we have traveled on five rivers. Most of our journeys are preaching the gospel where we have already had an open door. Not only have we been able to minister to people spiritually, but physically as well. We even used the boat winch that you folks graciously purchased for us to pull someone's shed out of the river that had succumbed to erosion.

Other preachers within the state are very important to the Remote Alaska Missions ministry. We were blessed to be able to help Israel Warren load and ship another container bound for St. Mary's with a new boat motor, sawmill, and his pickup. I have another preacher interested in operating our original inflatable boat on a river near him to reach villages and homesteads in his region. Please pray that we will have wisdom and safety.

Our second trip on the interior circuit was not without incident. First of all, we were delayed a day in Fairbanks getting the boat trailer tires. This was not stressful, because you folks have already given to purchase them. Our second incident was a very grumpy bear between homes in the village that would not go away. Me and my boys carry guns for this purpose. Caleb was given a 44 Magnum over a year ago and while walking with his sister this bear was put to sleep forever. We are thankful for God's provision and protection!

Upcoming events worthy of your prayers and support are, a few preachers in the lower 48 are coming to see what RAM is about. Also, there are people here in Alaska wanting to help us distribute John and Romans in remote areas. This will require many hours of time and many gallons of fuel. Please continue to pray for us.

In Christ,
The Pinnix Family

"The Lord is not slack concerning his promise, as some men count slackness; but is longsuffering to us-ward, not willing that any should perish, but that all should come to repentance." II Peter 3:9
