Dear Praying Friends and Supporters,

I know that you are used to receiving an update letter each month from us. I may not be able to sit down and write a letter until next month but I wanted to update you on a few things now:

#1 We found a 15-passenger van and will be getting in next month. That story is amazing and we promise to tell it in detail. We plan to cross the border with it on June 27th.

#2. We were involved with several funerals in May. Two of them were back to back. It was quite exhausting but we were thankful we could help. Right after this, we planned to take a couple of days and take care of some things out of town. Then. . .

#3 Both of us came down with Covid two days after Mother's Day. We had gone out of town for a dentist appointment and vehicle service. On that Tuesday, we started to feel ill but were stuck outside of Pickle Lake because of a washout in the road. We have had to cancel several church services and isolate ourselves once we got home. Deborah had to move to the Doctors' residence until we were done with our isolation. We developed quite a cough, fevers and loss of appetite. The cough lingered on for quite some time and we seem to have no energy. But thankfully it didn't develop into anything too serious.

#4 Deborah is moving to Kenora on Tuesday. She was hired to work at the hospital there as the secretary of the Lab. She is so excited! God provided a job, apartment and church all in one week. We have been sorting, packing and selling odds and ends to get her ready for this move. Kenora is about 5.5 hrs. From us. We are so thankful for that.

So, in conclusion, services startup tomorrow, Uhaul will be picked up on Monday and then we move Deborah to Kenora on Tuesday. We then travel to Thunder Bay for Deborah's Cardiologist appointment. We will be back home on Friday.

Grade 8 Graduation is June 16th and several of our safe zone kids are graduating. Then we travel down to get the van the following week. I hope to write a more detailed letter in the coming weeks. But covet your prayers for us during this next week.

Your missionaries to Northwestern Ontario.

God Bless You,

Bob and Cindy Rasmussen
