Dear Supporting Friends:

I trust this letter finds you and church family well during this pandemic. This national crises has altered so much of what we call ministry. Our church like so many others has gone to livestream services and other social media outlets to stay connected. More now than ever we need the power of the Holy Spirit to see the ministry done.

I want to thank you for your continued support during this crises. The Lord is still bringing teenagers from families who are hurting. Both the Ranch and Haven have seen significant growth this early spring. I want to assure you that we are moving forward to keep our young ladies and young men as safe as possible. We are determined to keep their school work going as well as their spiritual training and devotions. None of our families have taken their children back home during this pandemic. Most understand that they are safe and sound where they are.

Both homes are actively beautifying their own property with flowers and mulch. The Haven girls are working together to plant their new vegetable garden this spring. Recently our Ranch boys helped an elderly family with much needed yard work. Hopefully the Covid19 restrictions will soon be lifted so they may travel again to sing and testify in churches.

Again we are so grateful for your continued support. May God bless and keep you and your family well during this time.

Sincerely,
