

World Wide New Testament Baptist Missions

assisting churches since 1971

April 20, 2020

Dear Friend of World Wide New Testament Baptist Missions,

At the end of February, the Pastors who lead World Wide New Testament Baptist Missions asked me to be President of the missions agency. Brother Jeremy Lockhart became General Director. Brother Danny Whetstone, retained his position as Vice-Chairman of the Board.

When Paul wrote to the church at Rome, he wrote of 26 people who encouraged him. These people deposited courage in Paul. They were far from him geographically, yet they were near to his heart spiritually.

You are to us at World Wide as the team of 26 was to Paul. Geography separates us; yet, you invest in the mission work. You supply the needs of those on the frontline (missionaries) and those who serve at the supply depot (missions agency).

Like Paul's helpers, you understand it takes a team of people at our office in Kings Mountain and in Canada to meet the needs of over 120 missionaries and over 60 appointed Gospel workers. You value those who get the funds to the frontline. Thank you.

Our staff of six serves our missionaries without fanfare. Our staff members see you as the heroes. They see your investment beyond just providing them a paycheck. Our staff sees you as the vital link between the mission field and the provision of God.

Thank you! Your investment enables our staff—five full-time and one part-time—to serve the needs of the frontline.

COVID-19 created a season of uncertainty. It is a comfort to know your commitment to the Great Commission means the supply lines are unbroken. Each month, your gift brings a smile, a ray of hope, and enables the Gospel to go forth.

Yours for the harvest,

John O'Malley
