Check-in

What is the just cause if your employer/organization/business/life?

What questions were raised for you in this week's reading?

Small Group Discussion

What do you understand makes a true "cause" and what does not?

When have you been the "keeper of the cause"? When has someone else been that keeper for you?

"It is now self-evident that we need a new definition of the responsibility of business that better aligns with the idea that business is an infinite game. A definition that understands that money is the result and not the purpose." p.87

Do you agree, is this self-evident? What would this definition be?

Large Group Discussion

What other aspects of life do we confuse the result with the purpose?

1 Timothy 6:17-19

As for those who in the present age are rich, command them not to be haughty, or to set their hopes on the uncertainty of riches, but rather on God who richly provides us with everything for our enjoyment. They are to do good, to be rich in good works, generous, and ready to share, thus storing up for themselves the treasure of a good foundation for the future, so that they may take hold of the life that really is life.

How do you understand the "life that really is life"?
