SKYLINE ADOPT - A - ROADWAY

Please let us know you've chosen this project by emailing cityserve@cfcpc.org

IMPACT

Adopt-a-Roadway is designed to help beautify Pima County by facilitating trash/litter removal along a two mile stretch of roadway. Volunteers save the county approximately \$250 per mile cleaned. CFC has a two-year commitment to keeping our assigned stretch of road picked up at least two times per year; we want to do our part to help protect and preserve the beautiful area God has provided for us. In exchange for our hard work, we receive Adopt-A-Roadway signage to let people know we care!

INSTRUCTIONS

STEP 1: Choose your desired date/time to clean up trash along CFC's two mile stretch of roadway (Orange Grove and Ina to Campbell and Sunrise).

STEP 2: Send an email to cityserve@cfcpc.org and let us know that you have chosen this project. If you are serving as a Community Group, please let us know the name of your group.

STEP 3: Contact Joe Bushelman at joe.bushelman@cru.org or call/text 520.241.8089. This step is required so he can brief you with details and provide you with safety vests, trash bags, where to drop trash, etc.

STEP 4: While you are picking up trash, consider praying over the surrounding areas and neighborhoods, including our church and PRCA Grammar School.

STEP 5: Your team leader needs to return the safety vests to Joe Bushelman, for other groups to use.

STEP 6: Let us know how it went! Complete the YouServe Survey at cfcpc.org/youserve. If you're a group or family, only one of you needs to fill out the survey.
