

Happy Friday, LBC!

A couple weeks ago, we celebrated with 14 people and their families as they made a public profession of faith through baptism. These men and women, boys and girls made the choice to follow Jesus and give their lives to Him. These baptisms were a beautiful display of God's faithfulness in loving His children as well as a clear reflection of God's movement in our church right now.

Speaking of baptism, we are excited to once again host our annual Baptism at the River on June 6 at Saluda Shoals Park in Irmo. Every year, many choose to be baptized at this outdoor venue, and then we, as a church, get to enjoy dinner and fellowship together. If you would like to sign up to be baptized at this particular event in the river, you can do so by emailing info@lexingtonbaptist.org.

Also worth celebrating is what happened at Blowfish Stadium on Easter morning. 2,500 gathered to worship the Risen Savior together! Specifically, we registered many new guests and saw 5 salvations. Church, thank you for the way you supported this event. You all worked hard to invite everyone you knew through invite cards, yard signs, posters and personal invitations. You prayed from home, here at church and on-site at the ballpark. So many of you served during the event to make people feel welcome, collect registration information, help families find seats, serve refreshments and a whole lot more. You continue to give faithfully to the mission of LBC so we're able to offer these types of events for our church and community to make Jesus known. Thank you, church.

Coming up next week – we'll host a baby dedication on Sunday, April 18. We hold these celebrations a few times a year, and they serve as a milestone for many of our families. Parents will commit to raise their children to know Jesus and to teach them about His great love. In return, our church commits to partner with these families as they dedicate their children to the Lord. If you'd like to dedicate your baby or child, please email us at info@lexingtonbaptist.org.

We'll see you Sunday where we'll be studying the book of Isaiah as we continue our study through the Bible. If there is anything you need in the meantime, please let us know. Have a great weekend!
