

Family Life Center Reopening Policies and Procedures

FLC Members,

We are excited to announce "Phase 1" of reopening the Family Life Center. As we begin preparations to reopen, we want you to be aware of new policies and procedures we have put in place to ensure your safety during this transitional time.

Beginning **July 7th**, we will begin operations **Monday, Tuesday and Thursday 6:00am to 1:00pm**. We will close for a thorough cleaning and reopen from **4:00pm to 8:00pm**. **We will be open from 6:00am to 1:00pm on Wednesdays and we will be closed Fridays and Saturdays**. During Phase 1 of reopening, we will open the walking track and the weight room. We have made a few adjustments to the facility in order to practice safe social distancing including using the gym floor as a second walking track and moving some of our cardio equipment into a second room.

To ensure safe social distancing practices we have created new policies that we will adhere to:

- Only the walking track and the cardio fitness room will be available. We will **not** be opening the gym for basketball or other activities at this time
- Each area of the FLC will have a maximum number of occupants at a certain time
- We will be doing temperature checks for each person at the door. Anyone with a temperature greater than 99.5 will be asked to please stay home for the safety of others
- Members will be asked to sign in and sign out to the walking track and the weight and cardio rooms
- Entrance and Exit will only be available through the front doors of the lobby
- Clickers will not be available for distribution at this time
- The restrooms upstairs will not be available at this time

We are taking extra measures to ensure the cleanliness of our facility:

- We are asking all equipment users to thoroughly wipe down equipment after it is used
- Hand sanitizing stations will be set up throughout the facility
- Our recreation staff will be cleaning the facility periodically throughout the day
- Our professional cleaning staff will be cleaning the facility twice daily

As we see progress over the coming weeks, we anticipate being able to expand to other areas of the facility and transition into "Phase 2". If you have any questions, please feel free to reach out to Katelyn at katelyn@lexingtonbaptist.org. We hope to see you all over the next couple of weeks and thank you for being patient with us during this time!
