COOPER CITY CHURCH OF GOD CLEANING AND DISINFECTING PLAN

The following plan will serve as our guide for how we clean, sanitize and disinfect our church campus. Special considerations are outlined for the various areas of our campus.

Additional considerations and planning will be made based on new recommendations and guidelines from local and state health departments, the CDC, and FEMA. We also reserve the right to adjust plans as needed based on recent history of successes and challenges, and the changing needs for our congregation and community.

BASIC HYGIENE PRACTICES FOR GUESTS AND GENERAL AREAS

ENTRY WAYS

- ▶ Wipe all doors and door handles with disinfecting solution before and after each use.
- ▶ Prop open all doors in high traffic areas.
- ▶ Post signage to encourage proper hand washing and add hand sanitizing stations.
- ▶ Ask guest impact teams to avoid shaking hands with those entering church facility.
- ▶ No bulletins or worship guides will be printed.

DURING SERVICE

- ▶ Prop open all doors to Main Auditorium and Next Gen Gym prior to the worship experience.
 - ▶ Add pre-service slides that encourage hand washing and discourage shaking hands.
 - ▶ Exclude handshaking greeting times from worship experiences and opt for waves and smiles.
 - ▶ There will be no offering buckets passed. Instead, there will be collection stations at the exits.
 - ▶ Distribute the Lord's Supper to individuals and families as they enter instead of passing the elements. Used elements will be discarded in trash cans as people depart.
 - ▶ Prop open all doors to Main Auditorium sanctuary and Next Gen Gym at end of each worship experience.
 - ▶ Wipe all hard surfaces like tabletops, counters, etc. with disinfecting solution after each each worship experience.
