Dear Generous Donor,

Birchwood Christian School has grown in great part with the support and donations from our families, business friends, and community members. It is because of this growth that we achieved dual accreditation with the Association of Christian Schools International and AdvancED in the Fall of 2017. BCS invests in the lives of nearly 200 students and we are committed providing an educational experience that instills character within a distinctly positive environment. We invite you to invest in these students and future community members and contribute to our annual auction October 11th, 2019.

As a 501 (c) (3) non-profit, BCS is able to accept charitable contributions of cash, goods, and services. As a non-profit, we receive no state or federal funding. We rely on the generous support of businesses and individuals in our community.

Individuals and organizations making financial contributions to BCS in 2018 may qualify for Alaska State Education Tax Credits under recently passed legislation (HB 278).

Here are some ways you or your company can contribute monetarily to BCS:

- Birchwood Christian School General Fund
- **Birchwood Christian School Auction (Oct. 11, 2019)**
- Science, Technology, Engineering, and Mathematics
- Curriculum and Resource Development

Individuals and organizations wishing to make contributions of goods and services may do so in any of the following ways:

- **Donating items for the BCS Auction (Oct. 11, 2019)**
- Donating Technology (Smartboards, iPads, computers, computer software, etc.)
- Donating Equipment to BCS Athletics

Any questions please contact Viki Kaas.

Sincerely,

Viki Kaas
