Reminder:

As it begins to get warmer, please be sure your child has a change of clothes at school that is weather appropriate.

Thank you for your generosity with the toothbrush and toothpaste mission project. Grace Kitchen was overwhelmed by your outpouring love and support of their ministry.

Missions

The children are making Easter cards for our members in the nursing homes. If you have other children at home that would like to make an Easter card we would love to deliver for you. As always, all mission projects are voluntary. We appreciate all you do for our church and community.
